

Senior Fullstack Developer (React & .NET)

ABOUT

Fullstack Developer with over 7 years of experience specializing in writing business logic in the backend, currently developing into a fullstack developer. Focused on delivering high-quality code with modern solutions, eager to learn and discover new things. Staying up-to-date with the latest trends and best practices in the tech industry, consistently bringing innovative solutions and enhancements to projects.

EXPERIENCE

- Successfully designed and developed responsive front-end interfaces using React, creating intuitive user experiences and engaging user interfaces.
- Leveraged expertise in .NET to build scalable and performant back-end systems, ensuring seamless integration with front-end components.
- Led and contributed to the full software development lifecycle, collaborating with cross-functional teams to deliver high-quality solutions that meet business requirements.
- Demonstrated proficiency in database design and management, optimizing data storage and retrieval processes for efficient application performance.

TECH STACK

- React
- XML
- HTML
- CSS
- JavaScript
- TypeScript
- .NET
- Next.js
- C#
- .NET Core
- SQL

EMPLOYMENT HISTORY

Senior Fullstack .NET/React Developer, Forte Digital Poland

March 2022 - Present

As a Senior Fullstack .NET/React Developer, I bring extensive experience in crafting end-to-end solutions for web applications. Leveraging my expertise in .NET framework and React, I specialize in building feature-rich, user-friendly interfaces that seamlessly interact with robust backend systems.

Fullstack .NET Developer, Shock IT

March 2021 - February 2022

In this role, I was responsible for architecting and implementing end-to-end web applications. With solid understanding of .NET technologies, coupled with ability to integrate with databases and APIs feature-rich, responsive applications were delivered.

Fullstack .NET Developer, Systell sp. z o.o. sp.k

January 2021 - February 2021

As a Fullstack .NET Developer, I was responsible for designing, developing, and maintaining .NET applications. Leveraging my expertise in C#, ASP.NET, and SQL, I collaborated with cross-functional teams to deliver high-quality software solutions.

.NET Developer, Shock IT

August 2019 - January 2021

My role involved creating exceptional software solutions, utilizing my proficiency in .NET technologies to develop and enhance cutting-edge applications. With passion for innovation, I contributed to the continuous improvement of our products and provided technical expertise to drive successful projects.

.NET Developer, YOLO S.A.

January 2017 - July 2019

As a .NET Developer I contributed to the dynamic development team and delivered high-quality software solutions that met business requirements and enhanced user experiences.

Junior Dotnet Developer, YOLO S.A.

November 2016 - December 2016

As a junior .NET Developer my primary responsibility was to assist in the creation and maintenance of .NET applications. This role allowed me to gain hands-on experience writing clean, efficient code and implementing software solutions.

Junior Dotnet Developer, P.R.E.S.C.O.

September 2015 - October 2016

Responsibilities included writing clean and efficient code, implementing software solutions, conducting unit testing and contributing to the overall success of projects.

IT Specialist, P.R.E.S.C.O.

January 2015 - August 2015

Responsible for managing and maintaining information technology systems. The role involved providing technical support to end-users, troubleshooting hardware and software issues, and ensuring the smooth operation of network infrastructure.

EDUCATION

Bachelor of Science (Computer Science), Poznan University of Technology

2015 - 2019

Graduated with a strong foundation in theoretical and practical aspects of computer science. Equipped with a diverse skill set, including programming languages, data structures, algorithms, and software development methodologies.
